

BEDİZ TÜRKYILMAZ

JUNIOR WEB DEVELOPER

As a Junior Full-Stack Web Developer, I aim to add value through my strong problem-solving skills and ability to work effectively in teams. While I am particularly interested in deepening my expertise in the React ecosystem and enhancing my TypeScript knowledge, I am also open to learning new technologies and working on a diverse range of projects. With my ability to quickly adapt to new technologies and my creative approach, I am seeking a position where I can contribute across various areas.
